Profile

A dedicated Software Engineering graduate specializing in Web and Mobile Application Development, with experience building cross-platform applications using Flutter and modern web technologies. Experienced in developing applications throughout the development lifecycle, from designing responsive and user-friendly interfaces to implementing API integrations, cloud services, and backend functionality. Passionate about writing clean, efficient, and maintainable code while continuously learning new technologies to build reliable and scalable web and mobile solutions.

Education

Telkom University Purwokerto

Bachelor of Software Engineering / GPA: 3.8

Sep 2022 - Aug 2026

Purwokerto, ID

Web Programming, Mobile Programming, Software Design and Architecture, Design Thinking.

Experience

Software Engineering Student Association

Jul 2023 - Jul 2024

Head of the Department of Advocacy and Internal Strategic Studies

Purwokerto, ID

- Led the Internal Advocacy and Strategic Studies Department within the Software Engineering Student Association, overseeing the formulation, review, and management of organizational regulations to ensure smooth execution of student body programs and activities.
- Coordinated the development and revision of the Software Engineering Study Program's statutes (AD/ART), ensuring all rules and clauses remain relevant, appropriate, and aligned with the evolving academic and organizational context.
- Facilitated internal hearings and acted as a mediator in conflict resolution, upholding fairness and organizational integrity through structured deliberation processes, akin to judicial proceedings.

PKMKC 2024

Apr 2024 - Aug 2024

Team Leader

Purwokerto, ID

- Led the 'Sensational Glasses – Visual Aids For The Blind' project, successfully securing national funding and advancing to the PKP2 stage in the competition.
- Initiated the project concept and managed the strategic planning for an innovative assistive technology system designed to aid visually impaired individuals.
- Directed the project toward its recognition as one of the top innovative submissions representing the university for the World University Rankings for Innovation (WURI) 2025.

PT. Publika Investa Karya

Jun 2025 - Aug 2025

Mobile Developer Internship

Batang, ID

- Developed responsive and reusable mobile user interfaces using Flutter, focusing on component reusability and adherence to modern UI/UX principles.
- Refined and enhanced web design layouts within the Figma application to ensure a more structured, consistent, and user-friendly interface aligned with design system standards.
- Optimized application performance and maintained existing features by improving code efficiency and ensuring cross-device compatibility.

Telkom Pension Fund

Aug 2025 - Dec 2025

Front End Developer Internship

Bandung, ID

- Modernized and rebuilt the official Telkom Pension Fund website using React JS and Tailwind CSS, transforming it into a highly responsive and user-friendly platform.
- Developed an internal Document Management System to optimize daily workflows, significantly streamlining file storage and accelerating document retrieval processes for employees.

Language

- Indonesian - Native
- English - Conversational
